

## SPL SEAL™ (#96000)

### 1. Description

SPL SEAL™ provides a highly effective seal, preventing evaporation and eliminating contamination and it intended for use in Bio-Analytical Assays.

### 2. Features

- ❖ Prevent evaporation and cross-contamination between wells
- ❖ Film clarity allows for optical analysis during enzyme assays
- ❖ Pre-cut, plate-sized sheets
- ❖ Non-sterile
- ❖ Working temperature range: Room temperature
- ❖ DNase, RNase-free

### 3. Product Range

| Cat. No. | Material     | External Dimension (mm) | Color | Sterile | Packaging |
|----------|--------------|-------------------------|-------|---------|-----------|
| 96000    | PET/acrylate | 143 x 79                | clear | -       | 100       |

### 4. Certification

SPL Life Sciences hereby certifies that the product identified above, inspected to be in compliance with product quality specification and requirements as documented in our ISO 9001:2015 Quality Management System (K-QA-Q031478) in Korea.
